

It is a matter of fact that the Holy Quran is characterized by rhetoric, eloquence and different subjects. This rhetoric and eloquence appears in the Surah Yousuf also. So I selected the analytical, syntactic and rhetorical study for my PhD thesis. I will try to focus on these aspects keeping in view the three kinds of the rhetoric:

- (1) (Ilm-ul-Bayan) (علم البيان)
- (2) (Ilm-ul-Maa'ni) (علم المعان)
- (3) (Ilm-ul-Badea') (علم البديع)
- (4) (Syntactic study of Surah Yousuf)

The thesis consists of 6 Chapters, details are given below.
